

EARLY INTERVENTION COURSE (SCH 253)

Vaping Awareness

FOR 5TH-6TH GRADE

COURSE DESCRIPTION

The *Vaping Awareness* Early Intervention course presents students with several facts, stories and questions that help them understand the risks associated with vaping. The course challenges students' thought processes and provides opportunities for new perspectives and self-discovery.

LEARNING OBJECTIVES & SKILL DEVELOPMENT

- Increase knowledge of the harmful effects of nicotine
- Identify personal thinking errors that are connected to vaping
- Develop vaping avoidance skills
- Empowerment and leadership skills to be a positive influence on other students

RECOMMENDED USES

- **Self-Directed**—Student does most of the course work independently with a parent or mentor.
- **Group**—To be completed at school in a group format with a facilitator.
- **Hybrid**—A combination of self directed learning and group instruction.
- **Blended Learning**—A combination of online and offline curriculum
